

OGCI Climate Investments

Delivering solutions for a sustainable low-emissions future

Pratima Rangarajan

CEO, OGCI Climate Investments

23rd January 2018

Imagine the future ...

The Oil and Gas Climate Initiative

130 countries, 100,000 engineers and scientists,
\$19bn in renewables in past 5 years

Climate Investments

\$1 billion over 10 years

Reduce greenhouse gases by investing and deploying commercially viable solutions. We focus on:

- Methane emissions
- Carbon capture, utilisation and storage
- Energy efficiency
- Transport emissions

Scale and speed critical...

Investments

Reduce Carbon Dioxide

**Solidia
Technologies**

Novel cement & concrete manufacturing process.
CO₂↓ by 70% and water↓ by 80%

Clean Gas
Project

Capture & store CO₂ from gas-power plant and local industrial emittersCO₂↓ by 90%

Reduce Transport Emissions

achatesPOWER[™]

Fundamentally Better Engines®

High fuel efficiency engines CO₂↓ by 20%

Join us...
as we look for partners and investments
