

COVID POLICY

Cleantech Forum San Francisco, In Person Palm Springs 24-26 January

The health and safety of everyone attending the forum is our priority.

These guidelines are here to ensure the safest possible conditions for the event and to ensure you can take all necessary steps before you join us.

- [Click here for the latest guidance and updates](#) on Covid-19 for the Greater Palm Springs area
- Please get in touch with us at forums@cleantech.com if you have any questions or would like to discuss any aspect of what this means for the event.

VACCINATION and TESTING

To register for the event and gain entry on arrival, attendees will be required to:

- Verify two Covid-19 vaccinations have been administered at least two weeks prior to the event.
- **OR** produce evidence of a negative lateral flow test taken 48 hours before attending the event. [Find out where to get tested in Palm Springs.](#)

If you do not have proof of vaccination or evidence of a negative lateral flow test, you will be refused entry without compensation.

CAPACITY

The event is restricted to 300 guests.

No formal social distancing will be in place, this self-imposed capacity limit will make for a comfortable event, given the size of the indoor and outdoor event spaces. We ask everyone to be aware of the need to maintain personal distance.

CLEANTECHFORUM **SAN FRANCISCO**

Palm Springs, CA, 24-26 January 2022

MASKS

In California, masks are not currently mandatory at venues like ours, for an event of this size – except for the unvaccinated. These guidelines may change and we will update if necessary.

Nevertheless, we recommend everyone (unless medically exempt) wearing masks indoors, when not eating or drinking.
