

CLEANTECHFORUM SAN FRANCISCO

Palm Springs, CA, 24-26 January 2022

Registration List 11 January 2022

First Name	Last Name	Title	Company Name	Company Website	Country	Type	Company Description
Laura	Nereng	Business Development Director, Corporate Strategy	3M	www.3m.com	USA	Corporation (large multi-national, >250 employees)	About 3M At 3M, we apply science in collaborative ways to improve lives daily as our employees connect with customers all around the world. Learn more about 3M's creative solutions to global challenges at www.3M.com or on Twitter @3M or @3MNews.
Deepinder	Singh	Founder & CEO	75F	www.75f.io	USA	Entrepreneurial (Start-up/scale-up, SME)	75F designs and manufactures the world's leading IoT Building Management System, with software and software-defined hardware that works to make commercial buildings of all sizes more efficient, comfortable, and healthy.
Frans	Tjallingii	CEO	7Gen	www.7gen.com	Canada	Entrepreneurial (Start-up/scale-up, SME)	7Gen provides turnkey solutions for fleet managers transitioning their vehicles to zero emissions. Leading the EV revolution, we provide full service expertise; installation, operation, maintenance, and leasing for electric vehicles and chargers.
Paul	Jordan	Vice President	Activate Capital	Activate Capital	USA	Investor (VC, CVC, angel)	Activate's focus sectors contribute almost 90% of all global GHG emissions. We invest in companies whose technologies are moving the traditional industrial-infrastructure economy into the future - a digitalized, sustainable ecosystem of Intelligent Processes and Smart Real Assets.

Mike	Winterfeld	Managing Partner	Active Impact Investments	www.ActiveImpactInvestments.com	Canada	Investor (VC, CVC, angel)	Active Impact Investments is a Certified B Corp based in Vancouver, BC, whose mission is to support environmental sustainability through profitable investment. With two limited partnership funds with \$70M in assets under management, we provide money and talent to accelerate the growth of early-stage
Larry	Rothenberg	President	Agentis Air LLC	www.agentisair.com	USA	Entrepreneurial (Start-up/scale-up, SME)	Agentis Air develops air filtration products using proprietary, patented technology that is 50% more energy efficient than mechanical filters and is tunable, so it can be turned up or down on demand.
Bastien	Gambini	Managing Director	Alantra Partners	https://www.alantra.com/what-we-do/alternative-asset-management/energy-transition/	Spain	Investor (VC, CVC, angel)	Alantra's energy transition fund, Klima, supports management teams of late stage venture and early growth companies. Klima intends to back breakthrough innovations in the energy transition sectors, aimed towards slowing down the pace of climate change.
Lucille	Bonnet	Managing Director	Alantra Partners	https://www.alantra.com/what-we-do/alternative-asset-management/energy-transition/	Spain	Investor (VC, CVC, angel)	Alantra's energy transition fund, Klima, supports management teams of late stage venture and early growth companies. Klima intends to back breakthrough innovations in the energy transition sectors, aimed towards slowing down the pace of climate change. Klima's cornerstone investor is Enagas,
Maria	Zaheer	Managing Director	Alexa Capital	https://www.alexacapital.com/	USA	Service Provider / Professional Services	Alexa Capital is an independent corporate finance advisory firm with extensive experience in energy infrastructure, energy technology and e-Mobility.
Myra	Arshad	Founder & CEO	ALT TEX	thealttex.com	Canada	Entrepreneurial (Start-up/scale-up, SME)	ALT TEX is a biomaterials startup creating biodegradable and carbon neutral textiles re-engineered from food waste. Through patent-pending fermentation technology, the startup converts sugars found in food waste into polyester-like materials for the fashion industry.

Rob	Alexander	CEO	AlumaPower Corporation	www.alumapower.com	Canada	Entrepreneurial (Start-up/scale-up, SME)	AlumaPower's zero-emissions tech delivers over 4 times the energy density of lithium ion batteries, generated using recycled aluminum as a clean fuel.
Nimesh	Patel	Managing Director	AMCI Group	AMCI Group	USA	Investor (VC, CVC, angel)	Established in 1986, AMCI Group ("AMCI") is a privately held group that invests in and operates industrial businesses focused on natural resources, logistics, infrastructure, metals and energy. AMCI believes decarbonizing the heavy industrial complex is critical to reach our global emissions goals.
Chris	Wirth	VP Marketing & Business Development	AMP Robotics	www.amprobotics.com	USA	Entrepreneurial (Start-up/scale-up, SME)	AMP Robotics is modernizing the world's recycling infrastructure by applying AI and automation to increase recycling rates and economically recover recyclables reclaimed as raw materials for the global supply chain.
Matanya	Horowitz	CEO & Founder	AMP Robotics	AMP Robotics	USA	Entrepreneurial (Start-up/scale-up, SME)	AMP Robotics is modernizing the world's recycling infrastructure by applying AI and automation to increase recycling rates and economically recover recyclables reclaimed as raw materials for the global supply chain.
Brian	Chow	VP Finance	Anaconda Systems Limited	anacondasystems.ca	Canada	Entrepreneurial (Start-up/scale-up, SME)	Anaconda Systems Limited develops and deploys local organic waste infrastructure using our proprietary patented modular processes.
Russell	Zishiri	CEO	Anaconda Systems Limited	Anaconda Systems Limited	Canada	Entrepreneurial (Start-up/scale-up, SME)	Anaconda Systems Limited develops and deploys local organic waste infrastructure using our proprietary patented modular processes.
Orianna	Bretschger	CEO	Aquacycl Inc.	https://www.aquacycl.com/	USA	Entrepreneurial (Start-up/scale-up, SME)	Aquacycl provides energy-neutral wastewater treatment as a service for food and beverage manufacturers. Aquacycl guarantees permit compliance, reliability in variable production environments, and reduces wastewater management costs by 20%-65%.
Steve	Kloos	Chief Executive Officer	AquaHydrex	https://aquahydrex.com	USA	Entrepreneurial (Start-up/scale-up, SME)	AquaHydrex has reimaged water electrolysis, a clean-sheet redesign, to attain an idealized platform for producing low-cost Green Hydrogen at scale needed for Net Zero. The company started in 2013 on this mission, has achieved its ambitious development goal, and has initiated commercialization.

James	Wolf	Vice President - Finance	ARC Clean Energy	www.arcenergy.co	Canada	Entrepreneurial (Start-up/scale-up, SME)	ARC Clean Energy is developing small modular reactors providing carbon free power to replace fossil fuels at scale starting in Atlantic Canada.
Mira	Inbar	Partner	ArcTern Ventures	ArcTern Ventures	USA	Investor (VC, CVC, angel)	Since 2012, we've been investing in entrepreneurs obsessed with solving humanity's greatest challenges—climate change and sustainability. We're former startup founders ourselves, we get it, and like you, we believe technology can save our planet. #earthtech
Laurie	Menoud	Partner	At One Ventures	At One Ventures	USA	Investor (VC, CVC, angel)	At One Ventures finds, funds, and grows teams to catalyze a world where humanity is a net positive to nature.
Robert	La Roche	President	Atis Technologies	Atis Technologies	Canada	Entrepreneurial (Start-up/scale-up, SME)	Atis Technologies provides large energy consumer in the food industries with turn key projects to optimize overall energy consumption, therefore significantly reducing energy costs and drastically decreasing greenhouse gas emissions. Atis will typically provide complete engineering, key component
Baudouin	de Hemptinne	Trade Commissioner	AWEX-Wallonia Export & Investment Agency	http://www.wallonia.us/en	USA	Government	AWEX is a public interest organization in charge of the promotion of foreign trade and the attraction of investments for Wallonia in Belgium. AWEX serves as your first mediator and will accompany your business every step of the way, from finding partners to establishing your business in Wallonia.
Jonathan	Rhone	CEO	Axine Water Technologies	https://axinewater.com/	Canada	Entrepreneurial (Start-up/scale-up, SME)	Axine has created a new standard for treating toxic wastewater in the pharmaceutical, and other industries with breakthrough technology and a service business model that generates recurring revenue.
Vilas	Kuchind	Global Sustainable Finance	Bank of America		USA	Corporation (large multinational, >250 employees)	Bank of America's Global Sustainable Finance Group is responsible for helping to mobilize BofA's eight business lines to meet Bank of America's \$1.5 trillion commitment to deploy and mobilize capital towards the UN Sustainable Development Goals by 2030.
Gaurav	Singhal	Managing Director	Bank of America	https://business.bofa.com	USA	Corporation (large multinational, >250 employees)	Managing Director with Bank of Americas Investment Banking Business

Fedja	Saric	Vice President	Barclays	https://www.investmentbank.barclays.com/contact-us/ca.html	Canada	Corporation (large multinational, >250 employees)	Barclays, a global bulge-bracket Bank, provides a full suite of advisory and financing services
Michael	Greaves	Director	Barclays Canada		Canada	Service Provider / Professional Services	Barclays
Cintia	Ribeiro	Carbon Field Program Lead	Bayer Crop Sciences	www.bayercarbon.com	USA	Corporation (large multinational, >250 employees)	At Bayer, we believe in the power of human ingenuity to shape one of humankind's first inventions: agriculture. For more than 150 years, we've used science and imagination to help better people's lives by advancing health and nutrition. And together, we can achieve so much more.
Cheri	Corbett	Managing Director, Cleantech Practice	BDC Capital	https://www.bdc.ca/en/about/what-we-do/cleantech-practice	Canada	Investor (VC, CVC, angel)	BDC's \$600 million Cleantech Practice invests in Canadian technology companies looking to innovate eco-friendly solutions with a potential to become industry-leaders. Our investments range from early stage commercialization (late Series A) to growth (Series B / C) and late stage expansion/maturity.
Dustin	Popiel	Principal	BDT Capital Partners	https://bdtcapital.com/	USA	Investor (VC, CVC, angel)	BDT Capital Partners invests and advises founder and family owned businesses.
Ryan	Church	Founder & CEO	Biome Renewables	Biome Renewables	Canada	Entrepreneurial (Start-up/scale-up, SME)	Biome Renewables is a Canadian CleanTech company that leverages the intelligence of evolution to create patented technologies like their flagship PowerCone® aerodynamic enhancement device, that bolts onto the hub of a wind turbine, improving annual performance by more than 10%.
Ernst	Sack	Partner	Blue Bear Capital	www.bluebearcap.com	USA	Investor (VC, CVC, angel)	Blue Bear is a venture capital and growth equity investor in AI-enabled technologies for energy, infrastructure, and climate industries.
Benjamin	Hogan	Investment Leader	Blue Earth Capital	https://blueearthcapital/	USA	Investor (VC, CVC, angel)	BlueEarth Capital's Climate Growth Fund provides \$20-40m growth equity investments to companies catalyzing a net zero transition.

Devarajen	KISTNAS SAMY	Founding Partner	Blue Pelican Capital	https://www.bluepelicancapital.com	France	Investor (VC, CVC, angel)	Blue Pelican Capital is an early stage VC Fund supporting innovative industrial energy and climate adaptation solutions with the potential for material positive impact on Green House Gas emissions.
Maria	Nsouli	VP, Impact Investment Fund	BMO Capital Markets	https://capitalmarkets.bmo.com/en/services/sustainable-finance/impact-investment-fund/	Canada	Investor (VC, CVC, angel)	The C\$250MM BMO Impact Investment Fund is aimed at driving more sustainable outcomes by backing technologies that will help BMO and its clients proactively address sustainability and create positive impact for their stakeholders.
Adam	Rauwerdink	VP Business Development	Boston Metal	www.bostonmetal.com	USA	Entrepreneurial (Start-up/scale-up, SME)	Boston Metal is a global metals technology solutions company that is commercializing molten oxide electrolysis (MOE), a patented tonnage metals production platform. MOE provides the metals industry with a more efficient, lower cost, and greener solution for the production of a range of metals and al
Anderson	Barkow	Co Founder/CEO	BoxPower	boxpower.io	USA	Entrepreneurial (Start-up/scale-up, SME)	BoxPower's software and hardware solutions streamline the deployment of microgrids.
Meghan	Sharp	Head of Ventures and VP Innovation Engine	BP America	bp.com	USA	Corporation (large multinational, >250 employees)	bp ventures plays a key role in helping the company reinvent itself as an integrated energy company, in line with our new purpose: reimagining energy for people and planet. We will do this by investing in a portfolio of high growth technology businesses that will benefit and extend our core business
Chad	Bown	Managing Partner, BP Ventures	BP America	bp.com	USA	Corporation (large multinational, >250 employees)	bp ventures plays a key role in helping the company reinvent itself as an integrated energy company, in line with our new purpose: reimagining energy for people and planet. We will do this by investing in a portfolio of high growth technology businesses that will benefit and extend our core business

Miriam	Eaves	Head of Origination	BP LaunchPad	https://www.bp.com/en/global/corporate/what-we-do/technology-at-bp/bp-launchpad.html	United Kingdom	Investor (VC, CVC, angel)	Launchpad is BP's business-builder and scale-up factory. Our mission is to build five billion-dollar businesses which tackle the dual energy challenge by 2025.
Christopher	Spears	Principal	bp ventures	https://www.bp.com/en/global/bp-ventures.html	USA	Investor (VC, CVC, angel)	bp ventures invests in private, high growth technology companies, accelerating innovation across the entire energy spectrum.
Shaun	Healey	Principal	bp Ventures	https://www.bp.com/en/global/bp-ventures.html	USA	Investor (VC, CVC, angel)	bp ventures plays a key role in helping the company reinvent itself as an integrated energy company, in line with our new purpose: reimagining energy for people and planet. We invest in private, high growth, game-changing technology companies, who can help deliver bp's net zero ambition.
Scott	Graybeal	CEO	Caelux	www.caelux.com	USA	Entrepreneurial (Start-up/scale-up, SME)	Pioneer in perovskite technologies, partnering with PV manufacturers all over the world to make solar more powerful and cost less, accelerating the transition to net zero.
Leslie	Chang	Director of Strategy and Policy	Caelux Corporation	www.caelux.com	USA	Entrepreneurial (Start-up/scale-up, SME)	Caelux is a pioneer in perovskite technologies, partnering with PV manufacturers all over the world to make solar more powerful and cost less, accelerating the transition to net zero.
Talia	Dotson	Event Ambassador	Cal Poly Pomona - Regenerative Studies		USA		

Chris	Stern	CEO	CarbiCrete	www.carbi-crete.com	Canada	Entrepreneurial (Start-up/scale-up, SME)	CarbiCrete's patented technology enables the production of cement-free, carbon-negative concrete, avoiding the emissions associated with cement production and permanently sequestering CO2 within the concrete. For every ton of concrete produced this way, 150kg of CO2 are abated/removed.
Stephanie	Karris	Principal	Carbon Direct	https://carbon-direct.com/	USA	Investor (VC, CVC, angel)	Carbon Direct - Combining science, technology, and capital to deliver quality CO2 management at scale.
Robert	Niven	Chair and CEO	CarbonCure Technologies	carboncure.com	Canada	Entrepreneurial (Start-up/scale-up, SME)	CarbonCure Technologies manufactures for concrete producers, at 450 installations globally, a suite of carbon removal technologies that permanently mineralize captured carbon dioxide (CO ₂) in concrete, slashing concrete's carbon footprint & selling high quality carbon removal credits to corporates.
Amielle	Lake	Chief Commercial Officer	Carbonet	Carbonet	Canada	Entrepreneurial (Start-up/scale-up, SME)	CarboNet is a specialty chemicals company with a radically different approach for targeting and controlling molecules in water. The outcomes are more water treated, more applications possible, and greater value from existing systems--all with a smaller chemical footprint.
Barry	Yates	Chief Executive Officer	Carbonet Nanotechnologies	carbonet.com	Canada	Entrepreneurial (Start-up/scale-up, SME)	CarboNet is a specialty chemicals company with a radically different approach for targeting and controlling molecules in water. The outcomes are more water treated, more applications possible, and greater value from existing systems--all with a smaller chemical footprint.
Martin	Keighley	CEO	CarbonFree	www.carbonfree.cc	USA	Entrepreneurial (Start-up/scale-up, SME)	CarbonFree has developed patented technologies that capture CO2 from stationary point source emitters and transform them into carbon-negative chemicals. SkyCycle and SkyMine create sodium bicarbonate (baking soda), precipitated calcium carbonate (PCC), and hydrochloric acid.
Michael	Williamson	CEO	Cascadia Seaweed	www.cascadiaseaweed.com	Canada	Entrepreneurial (Start-up/scale-up, SME)	Cascadia Seaweed is growing to be the largest ocean cultivator of seaweed in North America for plant-based food, bovine methane emission reduction and marine ecosystems services.

JIHAD	SALAHU DDIN	Sr. Investment Manager	CATERPIL LAR INC	WWW.CAT ERPILLAR.COM	USA	Corporation (large multi-national, >250 employees)	Caterpillar Venture Capital Inc is a wholly owned subsidiary of Caterpillar Inc and invests in emerging technologies and services to support our main business segments and end markets.
Craig	Lange	Business Development Manager	Caterpillar Inc.	Caterpillar Inc.	USA	Corporation (large multi-national, >250 employees)	Caterpillar is a Fortune 60 Company focused on building a better world. With approximately 98,000 employees, we focus on serving our customers in Resource, Construction, and Energy & Transportation industries with sustainable systems and solutions and helping them reach their ESG and energy goals.
Charles	Nyabeze	Vice President Business Development and Commercialization	Centre for Excellence in Mining Innovation	www.cemi.ca	Canada	Non-profit / NGO	The Centre for Excellence in Mining Innovation (CEMI) solves the mining industry challenges by accelerating the advancement of cross-sector innovations into the mining sector. CEMI is leading the development of a national Mining Innovation Commercialization Accelerator (MICA) Network.
Robert	Snyder	CEO	Chemetry Corp	www.chemetrycorp.com	USA	Entrepreneurial (Start-up/scale-up, SME)	Chemetry develops novel manufacturing processes for the commodity chemicals industry. Our technology delivers the same product but via a process using less energy and avoids hazardous intermediates.
Wal	van Lierop	Founding Partner/Executive Chairman	Chrysalix VC	www.chrysalix.com	Canada	Investor (VC, CVC, angel)	Chrysalix is a global venture capital fund with a long history commercializing step-change innovation for resource intensive industries. We invest in intelligent systems, energy technology and resource productivity solutions to deliver outsized financial returns and environmental sustainability.
Damien	Mitchell	1st Vice President, Investments	CIM Group	https://www.cimgroup.com/	USA	Corporation (large multi-national, >250 employees)	CIM is an owner, operator, lender and developer of real assets including across the energy transition space with \$28.8 billion in total assets.
Douglas	Johnson - Poensgen	CEO	Circular	www.circular.com	United Kingdom	Entrepreneurial (Start-up/scale-up, SME)	Circular supports manufacturers to decarbonise their most polluting supply chains.

Daniel	Goldman	Managing Director & Co-Founder	Clean Energy Ventures	https://cleaneenergyventures.com	USA	Investor (VC, CVC, angel)	At Clean Energy Ventures we fund disruptive, capital-light technologies and business model innovations that can reshape how we produce and consume energy. Each startup we invest in has the potential to mitigate 2.5 gigatons of greenhouse gas emissions between our investment and 2050.
yohana	genova	Events Coordinator	Cleantech Group	none	USA	Service Provider / Professional Services	N/A
Cassidy	Shell	Associate	Cleantech Group		USA	Service Provider / Professional Services	I provide market intelligence in sustainable transportation and mobility to help corporate, investor and government clients engage with innovation.
Richard	Youngman	CEO	Cleantech Group	www.cleantech.com	United Kingdom	Service Provider / Professional Services	At Cleantech Group, we provide research, consulting and events to catalyze opportunities for sustainable growth powered by innovation. We bring clients access to the trends, companies and people shaping the future and the customized advice and support businesses need to engage external innovation.
Joe	Trackwell	Client Services Director	Cleantech Group	www.cleantech.com	USA	Service Provider / Professional Services	At Cleantech Group, we provide research, consulting and events to catalyze opportunities for sustainable growth powered by innovation. We bring clients access to the trends, companies and people shaping the future and the customized advice and support businesses need to engage external innovation.
Todd	Allmendinger	Director	Cleantech Group		USA	Service Provider / Professional Services	Cleantech Group
Stephen	Marcus	Director of Business Development	Cleantech Group	www.cleantech.com	United Kingdom	Service Provider / Professional Services	At Cleantech Group, we provide research, consulting and events to catalyze opportunities for sustainable growth powered by innovation. We bring clients access to the trends, companies and people shaping the future and the customized advice and support businesses need to engage external innovation.
Kevin	Adams	Director, Business Development	Cleantech Group	www.cleantech.com	USA	Service Provider / Professional Services	At Cleantech Group, we provide research, consulting and events to catalyze opportunities for sustainable growth powered by innovation.
Holly	Stower	Lead Associate, Resources and	Cleantech Group		United Kingdom	Service Provider / Professional Services	.

		Environment					
Anthony	DeOrsey	Research Manager	Cleantech Group	www.cleantech.com	USA	Service Provider / Professional Services	Cleantech Group
Zac	Dobbin	Program Director	Cleantech San Diego	cleantechsandiego.org	USA	Non-profit / NGO	Cleantech San Diego positions the San Diego region as a leader in the cleantech economy by fostering collaborations across the private-public-academic landscape, engaging in advocacy efforts to promote cleantech priorities, and encouraging more equitable investment across the San Diego region.
BJ	Johnson	CEO	ClearFlame Engines	www.clearflameengines.com	USA	Entrepreneurial (Start-up/scale-up, SME)	We take the diesel fuel out of the diesel engine for heavy-duty industries. Our patented engine technology maintains the performance and practicality of traditional diesel engines that end users expect while completely replacing petroleum based diesel fuel with decarbonized liquid fuels.
Erik	Straser	Partner	ClearSky	www.clearsky.com	USA	Investor (VC, CVC, angel)	We are a VC/Growth Equity fund focused on the energy transition and transformative enterprise IT.
Natalie	Khtikian	Sales Manager	Climeworks	https://climeworks.com/	Switzerland	Entrepreneurial (Start-up/scale-up, SME)	Climeworks empowers people to reverse climate change by permanently removing carbon dioxide from the air with its direct air capture technology.
Bernardita	Araya Kleinstuber	CMPC Ventures Manager	CMPC	cmpc.com	Chile	Corporation (large multi-national, >250 employees)	CMPC Ventures is the CVC arm of CMPC, one of the biggest P&P companies in the world. We want to partner with the best startups, entrepreneurs and global solutions in the field of wood-based circular bioeconomy.
Felipe	Alcalde	Chief Innovation and Information Officer	CMPC	cmpc.com	Chile	Corporation (large multi-national, >250 employees)	CMPC Ventures is the CVC arm of CMPC, one of the biggest P&P companies in the world. We want to partner with the best startups, entrepreneurs and global solutions in the field of wood-based circular bioeconomy.
Will	Guzick	Analyst	Coatue Management	https://www.coatue.com/	USA	Investor (VC, CVC, angel)	Coatue is a global investment firm with offices in New York, San Francisco and Hong Kong. The firm manages ~\$50 billion in assets on behalf of individuals, nonprofit organizations, and institutional investors by focusing on high growth investments in the technology, media, and telecommunications.

Amir	Cohen	Chairman	Co-Energy Ltd.	www.co-energy.energy	Israel	Entrepreneurial (Start-up/scale-up, SME)	Co-Energy develops, manufactures, operates, and sells equipment and plants that convert plastic waste and municipal solid waste into energy in the forms of electricity, fuel and hydrogen. The company was founded in 2014 and since 2020 is commercially active in the Israeli market.
Vanessa	Keitges	CEO	Columbia Green Technologies	www.columbia-green.com	USA	Entrepreneurial (Start-up/scale-up, SME)	Columbia Green Technologies is a market leader in the green roof & green infrastructure industry.
Scott	Dupcak	Managing Director, CTV	Constellation Technology Ventures	technologyventures.constellation.com	USA	Investor (VC, CVC, angel)	Constellation Technology Ventures (CTV) is the venture investing arm of Constellation Energy. CTV focusses on early-late stage investments across the power, cleantech and energy transition sectors.
Shounok	Sinha	Principal, Venture Investing	Constellation Technology Ventures	technologyventures.constellation.com	USA	Investor (VC, CVC, angel)	Constellation Technology Ventures (CTV) is the venture investing arm of Constellation Energy. CTV is focused on early-late stage investments across the Power, Clean tech and Energy Transition Sector.
Patrick	Courcelles	Consul and Trade Commissioner	Consulate General of Canada in Los Angeles	www.losangeles.gc.ca	USA	Government	The Canadian Trade Commissioner Service (TCS) has an in-depth knowledge of global markets and insight on Canadian capabilities. We can introduce you to the Canadian organization best suited to meet your needs for products, services or technologies.
Matthew	Ongaro	Investor	Cottonwood Technology Fund	www.cottonwood.vc	USA	Investor (VC, CVC, angel)	Cottonwood Technology Fund invests in hard science, IP-driven early stage companies in the Southwest US and Northern Europe.
Alexandra	Weinberg	Analyst, Sustainable Energies	CPP Investments	https://www.cppinvestments.com/	USA	Investor (VC, CVC, angel)	CPP Investments is a global investment management organization with \$541.5 billion AUM, as of September 30th, 2021, that invests the assets of the Canada Pension Plan at arm's length from the government, with a mandate to achieve a maximum rate of return without undue risk of loss.

Tanuj	Dutta	Principal, Sustainable Energies	CPP Investments	www.cppinvestments.com	USA	Investor (VC, CVC, angel)	CPP Investments is a global investment management organization with \$541.5 billion AUM, as of September 30th, 2021, that invests the assets of the Canada Pension Plan at arm's length from the government, with a mandate to achieve a maximum rate of return without undue risk of loss.
Claude	Vachet	Managing partner	Cycle Capital Management	Cycle Capital Management	Canada	Investor (VC, CVC, angel)	Cycle Capital is an impact investor and a leading private cleantech venture capital investment platform with \$ 0.5 billion under management. Cycle Capital invests in growing and commercializing companies that have developed technologies aimed at reducing greenhouse gas emissions.
Andrée-Lise	Méthot	Founder and Managing Partner	Cycle Capital Management	www.cyclecapital.com	Canada	Investor (VC, CVC, angel)	Cycle Capital is an impact investor and a leading private cleantech venture capital investment platform with \$ 0.5B under management. We invests in growing and commercializing companies that have developed technologies aimed at reducing greenhouse gas emissions & optimizing resources and processes.
Patrick	Gagne	PRESIDENT AND CEO	Cycle Momentum	Cycle Momentum	Canada	Non-profit / NGO	Cycle Momentum, the new Ecofuel Accelerator, offers acceleration and open innovation programs dedicated to the cleantech ecosystem. The specialized and personalized acceleration programs offer entrepreneur training workshops, networking sessions and access to an experienced mentor ecosystem.
Zach	Jones	CEO	C-Zero	www.czzero.energy	USA	Entrepreneurial (Start-up/scale-up, SME)	C-Zero has developed a process for producing low-cost, zero-emission "turquoise" hydrogen from natural gas. When renewable natural gas is used, the hydrogen produced is carbon negative - effectively removing CO2 from the atmosphere and sequestering it as solid carbon.
Michael	De Vivo	CEO	Depsys	www.depsys.com	Switzerland	Entrepreneurial (Start-up/scale-up, SME)	Depsys empowers electricity grid managers with digital technology to better understand, control and develop their networks. It lights up the dark spots on the grid and simplifies operations to help guarantee sustainable energy for future generations

Nicolas	Carteron	Head of Finance	depsys SA	depsys.com	Switzerland	Entrepreneurial (Start-up/scale-up, SME)	Depsys empowers electricity grid managers with digital technology to better understand, control and develop their networks. It lights up the dark spots on the grid and simplifies operations to help guarantee sustainable energy for future generations
Joseph	Feldman	Executive Vice President, North American Business Development	Electrochaea Corporation	www.electrochaea.com	USA	Entrepreneurial (Start-up/scale-up, SME)	Electrochaea's proprietary technology converts excess renewable energy and waste CO2 into sustainable methane, contributing to decarbonization of gas grids.
Mich Bradley	Hein	CEO	Electrochaea GmbH	www.electrochaea.com	Germany	Entrepreneurial (Start-up/scale-up, SME)	Electrochaea is commercializing a grid-scale energy storage solution that converts green hydrogen and carbon dioxide into grid-quality renewable methane for renewable energy storage and distribution. This renewable gas is a drop-in replacement for fossil gas for distribution or any use.
Ben	Abadi	Investment Director	Emerald Technology Ventures	www.emerald-ventures.com	USA	Investor (VC, CVC, angel)	Please see emerald-ventures.com
Ryan	Spencer	Investor	Energy Impact Partners	https://www.energyimpactpartners.com/	USA	Investor (VC, CVC, angel)	Energy Impact Partners is a multi-stage venture capital fund with \$2bn+ in AUM investing in the conversion of the energy industry toward a digitized, decarbonized, and electrified future
Joaquin	Fernandez-Silva	Partner	Energy Innovation Capital	https://www.energyinnovationcapital.com	USA	Investor (VC, CVC, angel)	Energy Innovation Capital is focused on investing in private venture technology companies at the commercialization stage that enable abundant, clean, and accessible energy. EIC is ideally positioned to partner with future energy leaders to bring innovation to life.
Rajan	Gupta	Senior Managing Director	Energy Innovation Capital	https://www.energyinnovationcapital.com/	USA	Investor (VC, CVC, angel)	Energy Innovation Capital invests in companies developing the next generation of technology to ensure abundant, clean, and accessible energy.

Scott	Pinizzotto	Senior Investment Director	ENGIE New Ventures	www.engieventures.com	USA	Investor (VC, CVC, angel)	ENGIE New Ventures is the corporate venture arm of the ENGIE Group. The \$200 million direct investment fund is one part of ENGIE's multi-pronged approach to globally lead the 3D transformation of energy: Decarbonization, Decentralization and Digitization.
Jordan	Ramer	CEO	EV Connect	evconnect.com	USA	Entrepreneurial (Start-up/scale-up, SME)	EV Connect is on a mission to build a better planet by enabling electricity as a transportation fuel. Through its innovative and open charging platform, EV Connect simplifies the set-up, management, and optimization of charging stations from installation to driver support.
Dennis	Odell	Vice President	Evergy Ventures	evergyventures.com	USA	Investor (VC, CVC, angel)	Evergy Ventures is the investment affiliate of Evergy, Inc., the electric utility serving the Kansas City region. Our investment portfolio includes a wide range of businesses, and we are particularly focused on exploring unique opportunities that are aligned with Evergy's core mission.
Mike	Biddle	Managing Director	Evok Innovations	www.evokinovations.com	USA	Investor (VC, CVC, angel)	Founded in 2016, Evok was built around a mission of protecting the environment and strengthening the economy. Driven by momentum toward a Net Zero future, Evok found itself at the leading edge of industrial decarbonization and established itself as a leader in hard-to-decarbonize sectors (H2, CCUS)
Lynn	Cote	Cleantech Lead	Export Development Canada	www.edc.ca	Canada	Government	Export Development Canada (EDC) is a financial Crown corporation dedicated to helping Canadian companies of all sizes succeed on the world stage.
Michael	Kuntz	VP Operations	Extract Energy Inc	www.extractenergy.com	Canada	Entrepreneurial (Start-up/scale-up, SME)	Extract Energy converts low-grade waste-heat to electricity using our proprietary materials technology in an innovative heat engine design. With Extract Energy we increase the overall efficiency of industrial processes and offset the 5 billion tons of CO2 per year that is lost to waste heat.
Ibraheem	Khan	CEO	Extract Energy Inc.	www.extractenergy.com	Canada	Entrepreneurial (Start-up/scale-up, SME)	Extract Energy Inc. deploys smart materials to efficiently capture and convert low grade waste heat into electricity. We develop and manufacture our systems in Cambridge Ontario.

James	Larsen	CEO	e-Zinc	www.e-zinc.ca	Canada	Entrepreneurial (Start-up/scale-up, SME)	e-Zinc is a Toronto, Canada, based company that has developed a breakthrough long-duration energy storage technology. This low-cost and flexible energy storage solution will provide the platform for the world's energy markets to be fully powered by renewables.
Hans	Maenhout	Investment Director	Finindus	www.finindus.be	Belgium	Investor (VC, CVC, angel)	Finindus is a Belgium based VC investor funded by ArcelorMittal and the Flemish Region. Rooted in industry, we focus on early stage and growth financing of technology companies active in Europe and offering technology with a strong and defensible USP, relevant to sizable industrial markets.
