

Cleantech Forum North America

Company	Organization Description	Company Website	Company Region	Type
2 Degrees	2 Degrees is a cleantech incubator based in Quebec, Canada. Through a specialized and personalized incubation program, 2 Degrees supports and propels early-stage startups developing environmental innovations in water, waste and energy sectors demonstrating a high-impact and scalability potential.	https://www.2degres.com	North America	Non-profit
3M	Building new businesses for 3M via internal innovation and external collaborations.	http://3m.com	North America	Corporation
7Gen	EV as a Service	http://www.7gen.com	North America	Entrepreneurial
Aakel Technologies	Energy Management and EV fleet management service in Asia	https://aakel.co.jp/en	Asia Pacific	Entrepreneurial
Activate Capital	Activate Capital is a growth equity firm focusing on the global megatrends transforming energy, mobility and industry for a sustainable, resilient 21st century economy.	https://activatecap.com/	North America	Investor
Active Impact Investments	Active Impact Investments	http://www.ActiveImpactInvestments.com	North America	Investor
Aegon Asset Management	Aegon Asset Management is a global multidisciplinary investment firm with offices across Europe and the US.	https://aegonam.com/ivc	North America	Investor
Aeroseal	Improving the lives of people world-wide by delivering comfort, healthy air, and substantial energy savings.	https://aeroseal.com/	North America	Corporation
AI Energy Partners	We have developed a technology that utilizes Artificial Intelligence and Machine Learning that enables utilities to produce the same amount of energy while burning less fossil fuel	https://aienergypartners.com/for-investors/	North America	Corporation
Air Liquide	ALIAD - Air Liquide Venture Capital a strategic corporate investor	https://www.airliquide.com/group/aliad	Europe & Israel	Corporation
Air Liquide Venture Capital Fund	Air Liquide Venture Capital(ALIAD) is the Air Liquide Group's venture capital arm. . Since inception, we have made over 40 investments in the fields of industrial gases and Energy Transition.	https://www.airliquide.com/group/aliad	Europe & Israel	Corporation
Alacrity Canada	Alacrity Cleantech Program - supports cleantech companies with international commercialization	http://www.alacritycleantech.com	North America	Non-profit
ALD Technical Solutions	Empowering Grid by Advanced Composite Material and Solutions	https://aldtechnicalsolutions.com	North America	Entrepreneurial
Alexa Capital	Investment bank	https://www.alexacapital.com/	North America	Service Provider
Aligned Climate Capital	Aligned Climate Capital invest in early stage startups with proven technologies, developers, and renewable generation.	http://AlignedClimateCapital.com	North America	Investor
AlumaPower	AlumaPower's breakthrough technology re-invents the aluminum-air battery as a 'Galvanic Generator' – an innovative long-life energy source that runs on recycled aluminum as a fuel. It emits only electricity and heat as it operates, while providing at least 4 times the energy density of today's lithium-ion batteries.	http://www.alumapower.com	North America	Corporation
AMCI Group	Founded in 1986, The AMCI Group is a privately-held investment firm based in Greenwich, Connecticut with additional offices in Sydney, Australia, Zug, Switzerland and Singapore. AMCI invests in and operates business across the industrial value chain and has a current portfolio of 20 companies.	https://www.linkedin.com/company/3683568/admin/	North America	Investor
Amogy	Amogy builds an innovative ammonia-to-power solution to decarbonize heavy transportations including shipping	https://amogy.co/	North America	Corporation
AMP Robotics	AI and robotics for recycling	http://www.amprobotics.com	North America	Corporation

Cleantech Forum North America

Amplify Capital	Amplify Capital is an early stage impact VC fund focused on innovation and technology solving the biggest challenges we're facing in healthcare, education, and the climate.	http://www.amplifycapital.ca	North America	Investor
Anaconda Systems	Distributed Organic Waste Processing Infrastructure Technology	http://anacondasystems.ca	North America	Entrepreneurial
Antenna Group	Antenna Group delivers industry-defining communications, marketing, public affairs and creative services to clients that are addressing the world's biggest business and societal challenges in climate, energy, infrastructure, real estate, transportation and health.	https://www.antennagroup.com/	North America	Service Provider
Apexe Global	Apexe builds tech scaleups into global category leaders in cleantech and other sectors	http://apexeglobal.com	North America	Service Provider
Aquacycl	Aquacycl treats complex industrial wastewaters to support healthy watersheds, helping multinationals achieve their climate, water, and business goals by providing wastewater treatment as a service that mitigates up to 90% of greenhouse gas emissions.	http://www.aquacycl.com	North America	Entrepreneurial
AquaHydrex	Electrolysis redesigned for inexpensive green hydrogen at scale	https://aquahydrex.com/	North America	Entrepreneurial
Ara Partners	Private Equity - Industrial Decarbonization	https://www.arapartners.com/	North America	Investor
Aramco Ventures	Aramco Ventures is the corporate venturing arm of Aramco, a world leading integrated energy and chemicals company	https://aramcoventures.com	North America	Investor
ARC Clean Technology	Developing small modular reactors to replace fossil power and decarbonize heavy industry	http://www.arc-cleantech.com	North America	Corporation
ArcTern Ventures	Climate Tech investor	https://www.arcternventures.com/	North America	Investor
Ascend Elements	Based in Westborough, Mass., Ascend Elements is the leading provider of sustainable, closed-loop battery materials solutions. From EV battery recycling to commercial-scale production of lithium-ion battery precursor (pCAM) and cathode active materials (CAM), Ascend Elements is revolutionizing the production of sustainable lithium-ion battery materials. Its proprietary Hydro-to-Cathode™ direct precursor synthesis technology produces new CAM from spent lithium-ion cells more efficiently than traditional methods, resulting in reduced cost, improved performance, and lowered GHG emissions. With fewer batteries going to landfill and a cleaner manufacturing process, Ascend Elements is taking the lithium-ion battery industry to a higher level of sustainability.	https://ascendelements.com/	North America	Corporation
At One Ventures	At One Ventures finds, funds, and grows teams to catalyze a world where humanity is a net positive to nature.	https://www.atoneventures.com/	North America	Investor
Audette	Creating a carbon reduction plan for every building on the planet	https://audette.io	North America	Entrepreneurial
Aurora Hydrogen	Aurora Hydrogen is developing a clean, low-cost and distributed hydrogen production technology.	https://aurorahydrogen.com/	North America	Entrepreneurial
Axine Water Technologies	Axine specializes in the treatment of micropollutants, such as pharmaceuticals and PFAS, using the process of electrochemical oxidation.	https://axinewater.com/about/	North America	Service Provider
Baker Hughes	New Frontiers - Baker Hughes Strategic Investment Platform for early stage Climate Tech	https://www.bakerhughes.com/	North America	Corporation
Ballard Power Systems	We deliver fuel cell power for sustainable transit	http://www.ballard.com	North America	Corporation

Cleantech Forum North America

Bank of America	Investment Banking, Global Renewables	https://about.bankofamerica.com/en/our-company	North America	Corporation
Bank of Montreal	Capital Markets	http://www.bmo.com	North America	Corporation
Barclays Bank	The Sustainable and Impact Banking team supports Barclay's client with the embedment of ESC considerations in the investor dialogue process. The SIB team engages very closely with investors, ESG bodies and regulators on the complex subject of ESG integration and ESG market outlook.	http://www.barclays.com	North America	Investor
BDC Capital	BDC Capital's Cleantech Practices manages a \$1B CAD cleantech / climate tech fund. We invest from seed to growth across all decarbonization technology themes. Note we invest only in Canadian based companies.	https://www.bdc.ca/en/about/what-we-do/cleantech-practice	North America	Investor
BHP	BHP Ventures, the in-house venture capital arm of BHP, scours the globe to find and foster emerging, game-changing technologies with the potential to help make BHP's global operations more safe, productive, and sustainable.	https://www.bhp.com/about/our-businesses/ventures	Asia Pacific	Corporation
Black & Veatch	Engineering & Construction Company	http://bv.com	North America	Corporation
BlackRock	Decarbonization Partners is BlackRock's joint venture with Temasek that will invest in the next generation of innovative decarbonization solutions and businesses to accelerate global efforts to achieve net-zero emissions by 2050.	http://Blackrock.com	North America	Corporation
Blue Bear Capital	Blue Bear Capital is a venture and growth stage investment manager focused on data-driven solutions across energy, infrastructure and climate.	http://www.bluebearcap.com	North America	Investor
Blue Earth Capital	Climate Growth Equity Investors	https://blueearth.capital/	North America	Investor
Blue Reef Capital	Blue Reef Capital helps climate tech companies raise funding from our global investor network.	http://Www.blureefcap.com	Europe & Israel	Service Provider
Blue Vision Capital	Seed-Series A stage Climate Tech Venture Capital Fund focused on investing in capital light climate companies	http://bluevisioncapital.com	North America	Investor
BluMaple Capital	Investing in low-carbon industrial innovators	https://blumaplecapital.com/	North America	Investor
BMO	The C\$350MM BMO Impact Investment Fund is aimed at driving more sustainable outcomes by backing technologies that will help BMO and its clients proactively address sustainability and create positive impact for their stakeholders.	https://capitalmarkets.bmo.com/en/services/sustainable-finance/impact-investment-fund/	North America	Investor
Boston Metal	Boston Metal is commercializing a revolutionary one-step process to decarbonize steel production using clean electricity, helping to eliminate ~10% of the world's carbon emissions.	http://www.bostonmetal.com	North America	Corporation
bp pulse fleet	Powering the shift to electric through innovative charge management solutions for fleets of all sizes.	http://bppulsefleet.com	North America	Corporation
bp Ventures	bp ventures plays a key role in helping the company reinvent itself as an integrated energy company, in line with our new purpose: reimagining energy for people and planet. We will do this by investing in a portfolio of high growth technology businesses that will benefit and extend our core businesses, as well as open up opportunities in digital adjacencies.	https://www.bp.com/en/global/bp-ventures.html	North America	Corporation

Cleantech Forum North America

Breakthrough Energy	BE Fellows are focused on key technologies that will be critical to moving the world to net-zero emissions by 2050 including hydrogen, electrofuels, cement, steel, food and agriculture, long duration energy storage, carbon dioxide capture, storage, sequestration, offshore wind, solar, advanced materials, and efficient building technologies.	https://breakthroughenergy.org/our-work/fellows/	North America	Non-profit
British Columbia Trade & Invest	Supporting trade and investment between BC and the US market	http://britishcolumbia.ca	North America	Government
Burnt Island Ventures	Seed stage fund for water.	http://www.burntislandventures.com	North America	Investor
BXVentures	BXVentures is the first venture builder dedicated to cleantech in Canada	https://www.bxventures.com	North America	Entrepreneurial
Caelux Corporation	Caelux Corporation leverages its unique perovskite technology to make solar more powerful and cost less	http://www.caelux.com	North America	Corporation
Canadian Consulate General in San Francisco	The Trade Commissioner Service helps Canadian businesses grow with confidence by connecting them with funding and support programs, international opportunities, and our network of trade commissioners in over 160 cities worldwide.	https://www.tradecommissioner.gc.ca/index.aspx?lang=eng	North America	Government
Captura	Removing Atmospheric CO2 using the ocean	http://www.capturacorp.com	North America	Entrepreneurial
CarbiCrete	CarbiCrete technology enables the production of cement-free, carbon-negative concrete	http://carbicrete.com	North America	Corporation
Carbon America	Carbon America is a fully integrated carbon capture and sequestration (CCS) developer committed to decarbonizing energy and industrial value chains and accelerate net-zero goals.	http://carbonamerica.com	North America	Corporation
Carbon Direct Capital	Carbon Direct Capital invests in leading carbon management companies with a science-focused approach that we believe can maximize both climate impact and financial returns.	https://www.carbondirectcapital.com/	North America	Investor
Carbon Upcycling Technologies	Carbon Upcycling is ushering in a frontier of circular materials for the cement industry and beyond.	http://www.carbonupcycling.com	North America	Entrepreneurial
CarbonCapture	Our mission is to fight climate change by harnessing science, technology, and human ingenuity to decarbonize the atmosphere.	https://www.carboncapture.com/	North America	Corporation
CarbonCure Technologies	CarbonCure's vision is to make its concrete technology standard for all concrete production across the globe. By realizing the full potential of CarbonCure's portfolio of carbon utilization technologies, the goal of saving 500 million tonnes of embodied carbon emissions every year by 2030 could be met—which would be equivalent to taking 100 million cars off the road.	http://www.carboncure.com	North America	Corporation
CarboNet	Innovative Specialty Chemicals Company	http://www.carbonet.com	North America	Corporation
Caterpillar Venture Capital	Cat Ventures invests in early stage companies across various sectors of energy, ESG, AI and services.	https://www.caterpillar.com/en/company/innovation/caterpillar-ventures.html	North America	Corporation
CH4 Global	CH4 Global is an ag-tech/climate-tech company that will be the first company to scale and broadly commercialize a natural red seaweed (asparagopsis) that is scientifically proven to reduce by 80-95% the amount of methane (CH4) produced by cows, while also improving their productivity (more protein/less feed).	http://ch4global.com	Asia Pacific	Corporation

Cleantech Forum North America

Chement	Chement is focused on developing electrochemically engineered carbon zero cement inspired by battery science, which would drastically reduce the embodied carbon of concrete and the carbon output of the built environment.	http://chement.co	North America	Corporation
Chrysalix	Chrysalix	http://www.Chrysalix.com	North America	Investor
Chrysalix Venture Capital	Early stage venture capital fund focused on industrial digitalization & decarbonization	http://www.chrysalix.com	North America	Investor
Chubb	Chubb is the world's largest publicly traded P&C insurance company and the leading commercial lines insurer in the U.S.	http://www.chubb.com	North America	Corporation
CIBC Capital Markets	Capital Markets	http://www.cibccm.com	North America	Investor
CIM Group	CIM is a community-focused real estate and infrastructure owner, operator, lender and developer.	https://www.cimgroup.com/	North America	Investor
Clean Energy Associates	Global Technical Advisor in Solar and Energy Storage	http://www.cea3.com	North America	Corporation
Cleantech Group	At Cleantech Group, we provide research, consulting and events to catalyze opportunities for sustainable growth powered by innovation. We bring clients access to the trends, companies and people shaping the future and the customized advice and support businesses need to engage external innovation. Industries are undergoing definitive transitions toward a more digitized, de-carbonized and resource-efficient industrial future. At every stage from initial strategy to final deals, our services bring corporate change makers, investors, governments and stakeholders from across the ecosystem, the support they need to thrive in this fast-arriving and uncertain future.	http://www.cleantech.com	North America	Service Provider
Cleantech San Diego	Cleantech San Diego is a member-based business organization founded 15 years ago that positions the greater San Diego region as global leaders in the cleantech economy	http://cleantechsandiego.org	North America	Non-profit
ClearSky	VC/Growth Equity Fund	http://Www.clear-sky.com	North America	Investor
Closed Loop Partners	Closed Loop Partners is a New York based investment firm that provides equity and project finance to scale products, services and infrastructure at the forefront of the development of the circular economy.	https://www.closedlooppartners.com/	North America	Investor
CO280	CO280 is scaling-up carbon negative solutions. We're bringing large-scale, high-quality, low-cost carbon dioxide removal to market through novel partnerships and business model innovation	http://www.co280.com	North America	Entrepreneurial
Coatue	Coatue is a global investment firm with offices in New York, San Francisco, Hong Kong and Shanghai. The firm manages ~\$70 billion in assets on behalf of individuals, nonprofit organizations, and institutional investors by focusing on high growth investments in the technology, media, and telecommunications space in both the public and private markets.	https://www.coatue.com/	North America	Investor
Columbia University	Center on Global Energy Policy	http://energypolicy.columbia.edu	North America	Academic
Compact Membrane Systems	CMS is pioneering the development of membranes for industrial decarbonization in hard-to-abate sectors and is currently developing a Carbon Capture product.	https://compactmembrane.com/	North America	Entrepreneurial
Congruent Ventures	Congruent Ventures is a climate technology fund focused on early stage investments (pre-seed, seed, Series A)	https://congruentvc.com/	North America	Investor

Cleantech Forum North America

Constellation	Constellation is the United State's largest producer of carbon-free energy and the leading competitive retail supplier of power and energy products and services for homes and businesses across the United States	https://www.constellation.com/	North America	Corporation
Consulate General of Belgium - hub.brussels	We help foreign companies settle and grow in Brussels (Belgium)	http://why.brussels	Europe & Israel	Government
Consulate General of Belgium, Los Angeles - Flanders Investment & Trade	We facilitate American direct investment projects in Flanders, Belgium, and give support to Flemish companies exporting to the US.	https://www.flandersinvestmentandtrade.com/invest/en	North America	Government
Consulate General of Canada	Canadian Government	https://www.tradecommissioner.gc.ca/	North America	Government
Consulate General of Canada, Los Angeles	Government	https://www.international.gc.ca/consulate-pays-us-eu/los_angeles.aspx?lang=eng	North America	Government
Copprint	Copprint is an advanced-materials deep-tech company enabling additive manufacturing of conductive copper patterns via printed copper inks for RFID antennas, circuit boards, and Photovoltaics providing lower-cost, sustainable onshore manufacturing.	http://www.copprint.com	Middle East	Entrepreneurial
Corinex Communications	Enabling decarbonization through self-regulating energy systems	http://www.corinex.com	North America	Corporation
CPP Investments	CPP Investments invests ~\$500B of AUM globally across asset classes, including a Climate Change Opportunities strategy which invests in business models and technologies helping adapt to or mitigate climate change. This includes EVs/mobility, Green Consumer, Ag Tech, Building & Materials, Transportation and New Power	https://www.cppinvestments.com/	North America	Investor
Creative Alignments	A Time-Based Recruiting company partnering with Climate/Sustainability entrepreneurs and scale-up companies.	https://www.creativealignments.com/	North America	Service Provider
CREO Syndicate	CREO Syndicate works with ultra-high-net-worth families globally to scale climate tech investments through deal flow, research, and strategic services.	https://www.creosyndicate.org/	North America	Non-profit
Cycle Capital	Private ClimateTech Venture Capital Investment Platform	https://www.cyclecapital.com/en/	North America	Investor
Cycle Momentum	Cycle Momentum	http://www.cyclemomentum.com	North America	Non-profit
Cyclic Materials	Cyclic Materials is creating a circular supply chain for rare earth elements. We are helping the world transition to an environmentally responsible future by recovering rare earth elements from the difficult-to-recycle products of the modern world.	https://www.cyclicmaterials.earth	North America	Corporation
Daanaa Resolution	Power Transaction Integrated Circuit - Eliminating cables, connectors, inverters, converters and BMS.	http://www.daanaa.com	North America	Entrepreneurial
Decarbonization Partners, a BlackRock & Temasek JV	Decarbonization Partners is a partnership between Temasek and BlackRock focused on late-stage venture capital and early growth private equity investing in next-generation companies that provide solutions and technologies to help accelerate global efforts to achieve a net zero global economy by 2050.	https://www.blackrock.com/corporate/sustainability/blackrock-temasek	North America	Investor
Deloitte	Deloitte is one of the world's largest professional services firms, active in helping clients address the climate change challenge.	http://www.deloitte.com	North America	Corporation
DIC Corporation	DIC is a Japanese chemical company. Main products are inks, pigments and polymers. We seek energy related technologies.	https://www.dic-global.com/en/	Asia Pacific	Corporation

Cleantech Forum North America

Drawdown Fund	Growth equity fund investing in climate tech solutions	https://www.drawdownfund.com/	North America	Investor
Drax	We're committed to enabling a zero carbon, lower cost energy future through engineering, technology and innovation.	https://www.drax.com/	Europe & Israel	Corporation
EarthEn	EarthEn - a grid-scale long-duration energy storage startup that uses CO2 in a closed loop to store 4-100+ hours of energy at a low cost, highly scalable & safe manner with over a 30-year lifetime value.	http://Www.earthen.energy	North America	Entrepreneurial
Eavor Technologies	The World's first truly Scalable form of Green Baseload Energy	http://www.eavor.com	North America	Corporation
Ecolution Power Company	Ecolution is seeking to become the global transportation industry's largest source of clean energy. Since its inception in 2016, the company's experienced team of entrepreneurs developed and patented an innovative method of recycling 'wasted' kinetic energy from moving vehicles	http://ecokwh.com	North America	Entrepreneurial
Ecosystem Integrity Fund	Series A Sustainability VC	http://eif.vc	North America	Investor
Ecotech Quebec	Ecotech Quebec's mission is to accelerate the development, commercialization and use of innovative clean technologies from Quebec, by mobilizing all players in the ecosystem.	http://www.ecotechquebec.com	North America	Economic Development
EDF Pulse Ventures	Victoire de Mauduit joined the EDF Innovation Lab in 2022 as an Investment Analyst. Her work focuses on both the investment pipeline of EDF's CVC fund, working on target sourcing and due diligences for the investment committee, and the development of thorough analysis of the trends, innovations and technological enablers brought forward by the US innovation ecosystem.	https://www.edf.fr/pulse/ventures	North America	Investor
EIT InnoEnergy	EIT InnoEnergy	http://www.innoenergy.com	North America	Investor
Electro-Active Technologies	ClimateTech startup producing green hydrogen and fertilizer from food waste and biomass	http://www.electroactive.tech	North America	Entrepreneurial
Electrochaea	Electrochaea is a growth-stage company commercializing a disruptive and scalable technology to meet immediate and growing market needs in North America, Europe and beyond, storing renewable energy displacing fossil gas with renewable natural gas, and reusing carbon dioxide.	https://www.electrochaea.com/about/	North America	Corporation
Emerald	Emerald is a global industrial technology venture capital investor	https://www.emerald-ventures.com/	North America	Investor
Energy & Environment Investment	Energy transition and mobility focused VC based in Tokyo, Japan	https://ee-investment.jp/en/	Asia Pacific	Investor
Energy Foundry	Early-stage venture capital for cleantech startups	http://www.energyfoundry.com	North America	Investor
Enersion	Enersion offers refrigerant-free cooling, green heating and electricity all from one integrated package	http://www.enersion.com	North America	Entrepreneurial
Enersponse	Building a Distributed Energy Platform for C&I	http://www.enersponse.com	North America	Entrepreneurial
EnerTech Capital	EnerTech Capital is a VC that has pioneered an integrated approach to business building, leveraging strategic collaboration across a diverse stakeholder ecosystem to create value; with a focus on Mobility, Industry 4.0, and Connected Customer.	http://www.enertechcapital.com	North America	Investor
ENGIE New Ventures	Our +€200m fund makes investment in cleantech startups offering innovation and solutions driving the energy transition.	https://www.engieventures.com	Europe & Israel	Investor
EnginZyme	EnginZyme develops biomanufacturing processes to produce sustainable everyday products	http://www.enginzyme.com	Europe & Israel	Entrepreneurial

Cleantech Forum North America

Environmental Law & Policy Center	Clean Energy Advocacy and Eco-Business Innovation NGO	http://www.elpc.org	North America	Non-profit
ev.energy	ev.energy is America's largest EV charging platform with over 100,000 EVs connected and optimized for greener, grid-friendly charging	https://business.ev.energy/	North America	Corporation
Evercloak	Reducing the energy required for commercial and residential air conditioning and dehumidification systems using graphene-based materials.	http://evercloak.com	North America	Entrepreneurial
Evergy Ventures	Evergy Ventures invests in startups adjacent to Evergy electric utility business.	https://evergyventures.com/	North America	Investor
Evie Networks	Infrastructure for Mobility as a Service	http://www.goevie.com.au	Asia Pacific	Entrepreneurial
Evok Innovations	Evok Innovations is a VC fund that is looking to invest in companies that are addressing decarbonization and energy transition at a utility or industrial scale.	http://www.evokinnovations.com	North America	Investor
EvolOH	Manufacturer of low-cost electrolyzer stacks	http://www.evoloh.com	North America	Corporation
EWE AG	EWE is active in the business areas of energy, telecommunications and information technology. With over 9,100 employees and sales of EUR 5.6 billion in 2020, EWE is one of the largest utility companies in Germany	http://www.ewe.com	Europe & Israel	Corporation
Export Development Canada	EDC is Canada's official export credit agency and we provide financial solutions to Canadian exporters.	http://www.edc.ca	North America	Government
Extract Energy	Extract Energy converts low-grade waste-heat to power using our proprietary shape memory alloy heat engine technology	http://www.extractenergy.com	North America	Corporation
e-Zinc	Energy storage technology developer CEO	http://www.e-zinc.ca	North America	Entrepreneurial
Fidelity	Fidelity Investments	https://www.fidelity.com/	North America	Investor
Fifth Wall	Largest venture capital firm advising corporates on and investing in Build World technology.	http://fifthwall.com	North America	Investor
Flanders Investment & Trade	Science & Tech hub of Belgian Government	http://www.flanderstrade.com	Europe & Israel	Government
FlexiDAO	FlexiDAO's software helps companies reach net zero emissions by tracing where their electricity comes from and its true CO2 every hour of the day.	http://www.flexidao.com	Europe & Israel	Corporation
FootPrint Coalition	Media, Investment, and non-profit initiative accelerating the adoption of tech to mitigate and adapt to climate change	https://www.footprintcoalition.com	North America	Media
Foresight Canada	Foresight is Canada's cleantech accelerator. We bring together innovators, industry, investors, government, and academia to address today's most urgent climate issues and support a global transition to a green economy. Cleantech innovation starts here!	https://foresightcac.com/	North America	Non-profit
Fort Capital Partners	Investment Banking	https://www.fortcapital.ca/	North America	Investor
Francisco Partners	Francisco Partners is a leading global investment firm that specializes in partnering with technology and technology-enabled businesses. Since its launch over 20 years ago, Francisco Partners has invested in over 400 technology companies and has raised approximately \$45 billion in capital.	http://franciscopartners.com	North America	Investor
Fujifilm	Open Innovation Hub Unit	https://www.fujifilmohus.com/	North America	Corporation
Future Energy Ventures	Future Energy Ventures is a unique venture capital and collaboration platform that brings together corporate partners and world-class startups to shape the future of energy	https://fev.vc/	North America	Investor

Cleantech Forum North America

G2 Venture Partners	G2 Venture Partners is a venture and growth investing firm focused on emerging technologies driving sustainable transformation across traditional industries.	http://g2vp.com	North America	Investor
Galvanize Climate Solutions	Galvanize is an investment firm built to accelerate climate solutions	https://galvanizeclimatesolutions.com/	North America	Investor
GaN Systems	GaN Systems is the global leader in GaN power semiconductors with the largest portfolio of transistors which uniquely address the needs of today's most demanding industries including consumer electronics, data center servers and power supplies, renewable energy systems, industrial motors, and automotive electronics.	https://gansystems.com/	North America	Corporation
GBatteries	Enabling Li-ion batteries to charge as fast as it takes to fill a tank of gas, without damaging the battery.	https://www.gbatteries.com	North America	Entrepreneurial
GDI	Manufacturer of 100% silicon anodes for 30% higher energy density and 3x faster charging Li-ion	http://www.gdinrg.com	North America	Corporation
Generation Atomic	Our mission is to energize and empower today's generations to advocate for a nuclear future.	https://www.generationatomic.org	North America	Non-profit
Generation Investment Management	Long-term investor with a focus on ESG	http://www.generationim.com	North America	Investor
Good Energy Collective	Rethinking nuclear policy from the ground up.	https://www.goodenergycollective.org	North America	Non-profit
Government of NSW, Australia	Economic development arm of the NSW Government, Australia	http://Www.investment.nsw.gov.au	Asia Pacific	Government
Greensoil PropTech Ventures	Impact Investing to Digitize and Decarbonize the Built Environment	http://www.gspv.vc	North America	Investor
Greenwoods International	Greenwoods International is a boutique advisory for developing partnerships and projects in China for foreign technology companies.	http://greenwoodsintl.com	Asia Pacific	Service Provider
GSTS (Global Spatial Technology Solutions)	GSTS is an Artificial Intelligence (AI) and maritime analytics company. GSTS has developed OCIANA™ to provide real-time vessel route management to reduce fuel consumption, greenhouse gas (GHG) emissions, and fuel costs.	https://gsts.ca/	North America	Service Provider
H2U Technologies	H2U is an Iridium free PEM electrolyzer technology provider	https://www.h2utechnologies.com/	North America	Corporation
Harsco	Environmental solutions for heavy industry	http://www.harsco.com	North America	Corporation
Harvest Thermal	Harvest Thermal delivers the smartest heating and hot water for homes, slashing emissions and bills. We are enabling home electrification at scale.	https://www.harvest-thermal.com/	North America	Entrepreneurial
Haze Automotive	Helping automakers extend their battery range by 30%	http://hazeautomotive.com	North America	Entrepreneurial
Hazel Technologies	With Hazel's line of easy-to-use solutions, more is done with less, produce is more resilient, shipment quality is more dependable, and food stays fresh for longer.	http://www.hazeltechnologies.com	North America	Corporation
Heirloom	Removing 1 billion tons of CO2 from the atmosphere by 2035!	http://www.heirloomcarbon.com	North America	Entrepreneurial
Hertha Metals	Hertha Metal is a green steel solution provider, developing technology to cost-effectively produce iron and steel with 95% less CO2 emissions.	http://HerthaMetals.com	North America	Entrepreneurial
Hgen	Green hydrogen for decarbonizing industrial processes	http://hgen.com	North America	Entrepreneurial
Hitachi America	Hitachi's business sectors including, IT, energy, industry, mobility, smart life and automotive-Powering Good	http://Hitachi.com	North America	Corporation

Cleantech Forum North America

HTEC	HTEC develops, builds, owns, and operates hydrogen assets across the value chain from production through to refueling stations.	https://www.htec.ca/	North America	Corporation
hub.brussels why.brussels	hub.brussels is the Brussels agency for business support. It provides counsel, tools and support for Brussels companies but also for foreign companies wanting to settle or do business in Brussels. why.brussels is the digital one-stop-shop for foreign companies and investors considering to set-up a business in Brussels. why.brussels is an initiative of hub.brussels.	http://why.brussels	Europe & Israel	Government
Hunt Energy Enterprises	President of Hunt's Energy Technology Venture Business which has developed successful commercial ventures in solar, battery and software companies.	https://www.huntenergyenterprises.com/	North America	Corporation
Hydra Energy	Hydra Energy (Hydra) is the first company to deliver a hydrogen-converted, heavy-duty truck to a paying fleet customer and the world's first Hydrogen-as-a-Service (HaaS™) provider for commercial fleets looking to reduce emissions today with no up-front investment.	https://www.hydraenergy.com/	North America	Corporation
Hydrostor	Hydrostor	http://www.hydrostor.ca	North America	Entrepreneurial
I Squared Capital	Infrastructure PE and VC investment fund	https://www.isquaredcapital.com/	North America	Investor
Idaho National Laboratory	Gateway for Accelerated Innovation in Nuclear	https://gain.inl.gov/SitePages/Home.aspx	North America	Government
Idemitsu Americas Holdings	Idemitsu Americas Holdings is the venture arm of Idemitsu, one of the largest energy company in Japan. We are based in San Jose and seeking for opportunities to bring new businesses and technologies to the Japanese market, in the area of Energy transition, Carbon neutral, New mobility & community.	https://www.idemitsu.com/en/	North America	Corporation
Illuming Power	PEM Fuel Cell Stack Developer	https://www.illumingpower.com/	North America	Corporation
Infinium	Infinium is an electrofuels technology provider and product developer making ultra low carbon drop in fuels from renewable power, water, and waste CO2	http://www.infiniumco.com	North America	Corporation
Ingenious Holdings	Energy and heat transfer via superior coatings	http://www.ingenious.energy	North America	Corporation
