

# ENGAGING WITH SUSTAINABLE INNOVATION STARTS HERE.

RESEARCH

**Knowledge and insight** are essential for effective action. Yet depending on generic, surface-level **research** for your decision-making just won't cut it.

**The innovation ecosystem is changing every day.**

**The Cleantech Group.**  
Championing sustainable innovation. Catalyzing business opportunities.

Since 2002 we have been at the center of a living network, immersed in the constant flow of cleantech intelligence, conversations, and ideas.

That's how **we deliver actionable insights leading to clear decision-making.**

The Cleantech Group's Research injects timely analysis into your decision-making. Our clients rely on us for key questions like:

**Who** are the start-ups and scale-ups, investors, and corporate partners we should be engaging with?

**What** does our competitive positioning look like vis a vis the trends in sustainable innovation?

**How** can we understand the trends and opportunities in the cleantech landscape and formulate strategies to engage those opportunities most effectively?

Benefit from who we know and all we are seeing on potential partners, emerging trends, investor transactions, and new competitors.

Our research, built on a bedrock of data and relationships, catalyzes business opportunities in five industry groups:

AGRICULTURE  
& FOOD

ENERGY  
& POWER

MATERIALS  
& CHEMICALS

RESOURCES  
& ENVIRONMENT

TRANSPORTATION  
& LOGISTICS
